

# SHELLBROOK PUBLIC EDUCATION SCHOOL

## *We believe*

***We will continue with the implementation of high impact strategies connected to the Literacy Model, classroom instruction will be highly engaging and structured to meet all levels of learners. When you enter classrooms, you will see engaged students working on developing a deeper understanding connected to literacy and the science of reading. With this, students will have a deeper understanding of literacy and on the way to becoming lifelong literacy learners.***

## *What our staff learning looks like*

***We are envisioning an excited teaching staff that will feel confident with instructional strategies connected to the Literacy Model. When discussing their instruction pertaining to the Literacy Model, you will hear information on high impact strategies such as Morning Message, UFLI, Hegarty, and Bug Club. Further, you will hear staff discussing and planning how to best support all levels of learners. As well, our staff will strive for strong communications with families on student's progress and information on how students can be supported at home, promoting family involvement.***

## *What does excellence look like*

***We see the introduction to new instructional strategies have led students to becoming more engaged learners creating a deeper understanding of the ELA content. Further, the instructional strategies have assisted in providing supportive instruction to all levels of learners. This has led to an increase in success and the building of confidence in all learners. We plan on continuing with the success and producing students who will be lifelong learners.***
